

TG/JMB

17th July 2017

Dear Parent / Carer

Mobile Phones

Please be aware that the staff and governors of RHSC have taken the decision to tighten up our rules on mobile phones from September 2017. This decision has not been taken lightly, and is for a variety of reasons.

From September

- Mobile phones can be brought to school in case of a problem during pupils' journeys to and from school.
- Once on school grounds, whether inside or outside, phones cannot be used and must remain out of sight.
- Staff will confiscate any mobile phone seen and will be returned to parents only.
- If your son/daughter needs to contact home they should report to the school office.

Please be aware we are making these changes to promote learning and pupil well-being, and are the result of numerous instances of the inappropriate use of phones. We would also like to remind you that we cannot be responsible for any damage done to any phone whilst at school.

If you wish to discuss this decision please contact your child's pastoral leader, who will be happy to receive your query.

Yours sincerely

Tim Gibbs
Vice Principal
